

June 8, 2020

Dear Neighbors,

After a lot of discussion between the Master & Townhome boards, we have put into place a set of Covid 19 guidelines that must be followed in order to use the pool. As we all know, CDC guidelines are evolving, and we will react as necessary, possibly reducing restrictions if appropriate.

Covid 19 Pool Rules

- All SC DEHEC rules must be followed
- Maximum of 30 people in the pool area
- Please read & abide by the pool sign at the main gate
- Pool hours will be 9am-7pm
- All pool furniture is being removed. You need to bring your own lounge chair.
- Lounges and chairs must be kept 6ft apart to comply with CDC guidelines.
- No guests. Family members staying in your home are the only exception.
- No private parties during this time.
- No food or beverages are to be brought to the pool at this time.
- No shareable items allowed in the pool area. This includes rafts, floats, balls, noodles, or throwable items.
- Any items left at the pool at the end of the day will be discarded.
- Bathrooms must be sanitized after each use. Our pool company will provide disinfectant in each bathroom. For your own protection, it is suggested you bring disinfectant wipes to be used on high-touch areas, including rails, ladders, doorknobs, etc.

The attached waiver must be acknowledged and signed by all. If you do not intend to use the pool, you must indicate that on the waiver. **Please print and return all waivers to the clubhouse on Weds (10th) or Thurs (11th) between 12-1pm.** The key fobs of those who do not sign or accept the waiver, will not be activated. Those who sign and accept the waiver will have their key fobs activated on or by June 15th.

The Master Board
